

PRADNYAN WADE

DevOps Engineer | Platform Engineer | Warsaw, Poland

+48 452442908 | pradnyanwade31@gmail.com | linkedin.com/in/pradnyan21

PROFESSIONAL SUMMARY

Resilient DevOps & Platform Engineer with **3+ years of experience** designing, automating and operating cloud-native infrastructure across **OpenShift/Kubernetes and AWS**. Proven track record of **reducing MTTR by 45%, accelerating deployment speed through CI/CD**, Infrastructure-as-Code (**Terraform, Ansible**), and Site Reliability Engineering (**SRE**) practices. Experienced in **building scalable, secure, and highly available microservice** platforms and improving production reliability through **observability and automation**. **AWS & Oracle certified**.

TECHNICAL SKILLS

- **Cloud Platforms & Infrastructure:** AWS, Oracle Cloud (OCI), Azure Fundamental, Ansible, Terraform, Linux
- **Container & Orchestration:** OpenShift, Kubernetes, Docker, Helm, Docker Compose, Red Hat Container Platform
- **DevOps & Automation:** Git, GitLab, GitHub Actions, CI/CD, Jenkins, ServiceNow, JIRA, Confluence, Bitbucket
- **Observability:** Grafana, Prometheus, Splunk, OpenSearch, Kibana, Log Analysis, Alerts monitoring, Root Cause Analysis
- **Databases:** MySQL, PostgreSQL, Oracle
- **Messaging and Streaming:** Apache Kafka, RabbitMQ
- **Support Skills:** Incident Management, Ticket Resolution, User Support, System Diagnostics, Documentation
- **Scripting & Programming:** Python, Bash scripting, Shell Scripting, PowerShell, YAML, Java

PROFESSIONAL EXPERIENCE

Data Engineer | Cards & Payment Domain

October 2022 – Present

LTIMindtree Ltd.

Warsaw, Poland

- Architected and operated an enterprise grade **OpenShift platform** supporting **100+ microservices**, ensuring high availability, disaster recovery readiness and system resilience.
- Designed and executed end-to-end **observability stack** using **Grafana and Prometheus** with SLO-based alerting rules, **reducing MTTR by 45%** and improving proactive incident detection.
- Provisioned infrastructure using Ansible, Terraform and Infrastructure-as-code (IaC) principles, **reducing deployment time by 60%** and **eliminating configuration drift**.
- Engineered scalable **CI/CD pipelines** using **Jenkins and GitLab CI**, enabling mechanized testing, container image builds, security scans, and zero-downtime deployments.
- Optimized Docker images and container build processes, **reducing image size by 40%** improving release efficiency.
- Applied **RBAC, and pod security standards in OpenShift**, strengthening platform security and compliance.
- Tuned SQL queries, automated scheduled maintenance, backup/recovery workflow using Python, improving database performance and operational reliability.
- Participated in on-call rotations, led **incident response and post-mortem analysis**, collaborated with cross-functional teams to enhance application stability and resilience.

PERSONAL PROJECT

Two-Tier Flask Web Application with Containerized CI/CD Pipeline

February 2026

- Developed a Flask REST API with MySQL database and persistent backend.
- **Containerized using Docker** and orchestrated **multi-container setup** with **Docker Compose** for consistent deployment across dev, staging, and production.
- Created **Jenkins Pipeline-as-Code** integrating build → test → Docker build → deployment on **AWS EC2**.
- Implemented **Infrastructure-as-Code** for provisioning and deployment of workflows, **reducing manual deployment effort by 80%**
- **Version controlled** using Git/GitHub with **structured branching strategy**.
- **Tech Stack:** Python, Flask, MySQL, Docker, Docker Compose, Jenkins, AWS EC2, Git, Shell Scripting

CERTIFICATIONS

- AWS Certified Cloud Practitioner
- Oracle Cloud Infrastructure 2025 Certified Architect Associate
- Oracle Cloud Infrastructure 2025 Certified Generative AI Professional

EDUCATION

Bachelor of Engineering, Electronics & Telecommunication | Mumbai University, India

2018 – 2021

ADDITIONAL INFORMATION

Languages: English (Professional Working Proficiency), Hindi, Marathi

Availability: Immediate/1 month Notice Period
